Preliminary Reading Log for the Extended Essay

You are required to do five to ten hours of background reading in a subject area that you are interested in researching for your extended essay. You are required to read from a variety of sources (print, database, and ebooks are appropriate sources). A general encyclopedia, such as World Book or Britannica) is not acceptable; you may initially consult Wikipedia as a starting point, but you cannot count it toward the resources for your reading log. **Take this log to your second meeting with your supervisor, along with hard copies of your preliminary research. Be prepared to discuss.**
