**Step one-** assess the EE against the rubric (under Rubric/Exemplars on research site)

**Step two** – click on the “**Assessment**” tab on MB and click on the corresponding number per criterion

*Comment Field: at this time **you do not need to put any details here;** however, IBO might change that but I am not going to worry about it.*

*Student does not have the capability to see your assessment score*

**Step three** – Click on the “**Save Changes**” green button (kind of important)

**E: Engagement**

- 0 The work does not reach a standard outlined by the descriptors below.
- 1 Engagement is limited. Reflections on decision-making and planning are mostly descriptive. These reflections communicate a limited degree of personal engagement with the research focus and/or research process.
- 3 Engagement is good. Reflections on decision-making and planning are analytical and include reference to conceptual understanding and skill development. These reflections communicate a moderate degree of personal engagement with the research focus and process of research, demonstrating some intellectual initiative.
- 5 Engagement is excellent. Reflections on decision-making and planning are evaluative and include reference to the student's capacity to consider actions and ideas in response to setbacks experienced in the research process. These reflections communicate a high degree of intellectual and personal engagement with the research focus and process of research, demonstrating authenticity, intellectual initiative and/or creative approach in the student voice.
